

**Notes of NGC General Meeting
November 17, 2020**

The November 17 meeting was held via Zoom due to the coronavirus pandemic. No formal business meeting took place, so minutes were not prepared, but notes concerning the meeting follow.

The Program Committee reported that Dan Jaffe, scheduled to present at February's meeting, will be rescheduled to next year for a live presentation. The Committee has several leads for a replacement speaker for February's virtual meeting.

It was reported that Nina's memorial service, held virtually last weekend, was lovely, and included several references to the garden club.

Following these brief comments, the presentation about orchids began. First to present was Tom Kuligowski of the American Orchid Society, who joined the meeting via Zoom from Florida. Tom's participation was arranged by Carole Grosberg. Cathie Cummings then presented concerning the care of orchids readily available in our area. The meeting concluded with a Pecha Kucha presentation, featuring orchid photos and music, prepared by Lyn Jekowsky. A link to the recording of same will be provided.

Respectfully submitted,
Jane Brand
Recording Secretary
